

ESTEY & BOMBERGER, LLP

Doing everything it takes to see that justice is served for our client

AS ONE OF THE PREMIER SERIOUS PERSONAL INJURY firms in California, Estey & Bomberger, LLP handles catastrophic injury and wrongful death cases. To date, attorneys for the firm have participated in recovering more than \$20 million in verdicts and \$50 million in settlements for their clients.

"We're tireless as far as working cases up," says founding partner Stephen J. Estey, recognized this year by his peers on the *San Diego Super Lawyers*[®] list. With its excellent cadre of lawyers and professional staff, the firm doesn't hesitate to spend whatever it takes to use experts to recreate accident scenes or to provide top-notch medical opinions. "We match the defense side dollar-for-dollar as far as hiring experts is concerned," says Estey.

Many of the firm's cases come from other attorneys' referrals and from former and current clients. Estey & Bomberger has earned a reputation as a go-to firm for liability litigation in which a severe injury has occurred. The firm also handles many brain injury cases.

"We've had good results in cases that other attorneys shy away from because they're worried whether they can show liability," Estey says. Although brain injury cases are particularly difficult to understand and demonstrate, as is the injury's effect on a client's life, the firm willingly accepts the challenge.

Estey is especially proud of the 7-0 California State Supreme Court decision in *Morris v. DeLaTorre*, a case he argued from trial to the state's highest court, and which later resulted in a pro-consumers change in California law.

Estey and Michael Bomberger, who are close friends and law school buddies, founded their practice in 1998 and have built it from humble beginnings to its current success. The firm's collegial atmosphere makes coming to work a pleasure for Estey and his colleagues. That good will extends to clients and referring attorneys, too.

"Clients like us because we keep them up-to-date on their case, and they know that we work hard for them," he says. That communication extends to the many attorneys who refer cases to the firm.
